Quickguide:

The niche must be exactly 600mm wide, like for a dishwasher.

Use the template in the box to fit the rail in each side. **IMPORTANT** to Pre-Drill for location for each screw before mounting the rails.

1 drawer rail is mounted in each side, and the drawer can be slid into the rails. Use the following holes to install the drawer.

Alternative to drawers: **PLINTH in Black Glass**

WF60-BG + WF30-BG
